Dear Applicant,

Pursuant to Local Law #3 of 1991 of Warren County and in accordance with Title 1 & 3, Article 27 of the New York State Department of Environmental Conservation, and the Warren County Solid Waste Management Plan, any organization that transports waste generated or disposed of within Warren County must obtain a permit from the Warren County Department of Public Works on an annual basis. An application or renewal may be denied by the Department for the failure of the applicant to properly complete the annual report as provided. In order to obtain a valid permit and permit stickers, this application (which includes quarterly reporting forms) must be completed in its entirety and returned to the Department for approval, along with the annual fee of \$ 200.00 by certified check or money order made payable to the Warren County Department of Public Works. This fee covers a permit sticker for one vehicle. Additional stickers will be provided for \$100.00 for each truck. Once the Certificate of Registration and permit stickers are obtained, the stickers must be displayed prominently on each of the permitted vehicles (driver's side door). Failure to comply with all sections of the Local Law #3 of Warren County will result in permit(s) being revoked, enforcement actions pursued and penalties incurred. Permits will expire on December 31 of the issuing year. Renewal applications received after January 15th, will be subject to a late fee of \$50.00. Please be advised, as a condition for the permit, the Warren County Department of Public Works shall require the transporter to complete the quarterly report forms, including volumes and nature of waste products, including recyclables, disposed of and the place and manor in which waste products were finally disposed, and such other information the Department may require. Failure to submit such information shall result in the automatic denial of the permit application. The information requested in this application is to allow Warren County to properly gauge the size and nature of its solid waste stream, waste generated or disposed of in Warren County, and to assess the type and variety of services available to manage it is required by the New York State Department of Environmental Conservation in accordance with the New York State Solid Waste Management Act of 1988.

A list of permitted haulers will be posted on the County website every April. Should you have any questions in filling out this application (including the quarterly report), or require additional information, please feel free to contact this office.
